Magic minder!

New Gas top burner turns itself off when cooking time is up

Really does sound like magic, doesn't it? Simply put a pan of soup, sauce or whatever on the burner—turn on the blue flame and set the timer. Your food will cook for exactly the length of time you choose. Then—automatically—the burner will turn itself off. (A pleasant-sounding tone calls you to the range.)

See all the new features on today's automatic Gas ranges at your dealer's or your Gas Company.

SOUTHERN CALIFORNIA GAS COMPANY

OTHER NEW FEATURES

- Rotary barbecue automatically turns meats during barbecuing.
- Needle-pilots give split-second lighting—leave ranges cooler.
- Super-speed Gas breaker makes lighting quicker and better.
